Public Comment:

Amy Day and Kathy Heisler approached the Village Council regarding their recently acquired properties. They would like to develop a multi-use building. The purpose would be a place for the children of the Village to as well as office spaces when 1 day to 1 week rentals. The thought is for it to be a community use building. They will be forming a plan of action and presenting it to council.

DPW Department Reports:

Hawes reported that trees are in the process of being trimmed. The DPW is trying to clear sidewalks and signage by cutting back branches and overgrowth. With the lack of rain mowing has been limited to knocking down the buckwheat where necessary. There was some storm damage early in the month mostly of Green Street that was cleaned up. Water samples for IRPI and lead/copper were picked up and delivered. There are still 2 samples for the IRPI that need to be picked up and delivered. MDOT has been placing extra stone at the DPW for the Village's use. Dead trees were removed on Main street and new mulch was added.
